Mechanical Engineer  
Warehouse & System Operations

+966 537482957

anandhujayan00@gmail.com

Dammam, Saudi Arabia

## PROFESSIONAL SUMMARY

Mechanical Engineering graduate with hands-on experience in warehouse operations, material handling equipment, and system-supported inventory environments. Currently working as a Warehouse Operator with exposure to ERP-based workflows, safety compliance, and preventive maintenance. Backed by technical lab and public relations experience, bringing strong coordination and documentation skills. Currently pursuing an MBA to strengthen operations and management capabilities. Highly motivated to grow in automated warehousing and system operations.

## EDUCATION

### B.Tech in Mechanical Engineering

Kottayam Institute of Technology and Science  
2019– 2023

### Master of Business Administration (MBA)

(Pursuing – Online)

Specialization: Human Resources Management

## TECHNICAL SKILLS

- Warehouse Operations & Logistics Fundamentals
- Material Handling Equipment (MHE)
- Preventive Maintenance Awareness
- Safety Procedures & SOP Compliance
- Microsoft Excel: **Pivot Tables, Dashboards, Data Analysis**
- MS Windows & Microsoft Office** (Word, PowerPoint)
- Basic understanding of automated warehousing concepts
- Awareness of HVAC and mechanical systems

## KEY STRENGTHS

- Strong willingness to **learn automation and system operations**
- Engineering mindset with practical operations exposure
- Adaptable to **fast-paced FMCG and logistics environments**
- Good coordination and documentation skills
- Safety-conscious and process-oriented

## PROFESSIONAL EXPERIENCE

### Warehouse Operator

**Binzagr Logistics Company, Saudi Arabia | July 2025 – Present**

- Support daily warehouse operations including inbound, storage, picking, and dispatch.
- Operate and assist with **Material Handling Equipment (MHE)** such as forklifts and pallet handling systems.
- Follow **safety procedures, SOPs, and operational guidelines** to ensure accident-free operations.
- Maintain accurate inventory records using **ERP-supported systems**.
- Coordinate with supervisors and system teams to ensure smooth workflow and minimal downtime.
- Utilize Excel to create pivot tables and dashboards for operational reporting and analysis.

### Public Relations Officer

**Lourdes Matha Group of Institutions, India | July 2024 – Present**

- Develop and implement public relations strategies to enhance institutional reputation.
- Organize events, press releases, and outreach programs to strengthen stakeholder relationships.
- Manage digital and print content for academic programs and initiatives.

### Mechanical Lab Assistant

**Sarabhai Institute of Science & Technology, India | July 2023 – June 2024**

- Provided technical support for mechanical engineering experiments and demonstrations.
- Maintained and troubleshoot lab equipment to ensure a safe and efficient working environment.
- Assisted faculty in updating lab manuals and procuring necessary supplies.
